The Deputy Mayor called the meeting to order and advised that the purpose of the meeting was to discuss various issues surrounding the H.M.S. Detroit project and its use of the Gordon House. Vicki Bondy introduced members of the project who were present including Garnet Fox, Jeff Baker, Patricia Emond, Janice Robinson, Peter Redpath, Rosemary Varga and Wayne Brennan. Ms. Bondy presented each member of Council with a four page document outlining various aspects of the H.M.S. Detroit and the use of the Gordon House.

Ms. Bondy indicated that certain deficiencies at the Gordon House have existed since the time of the restoration project. She requested that the Town review these matters and take steps to correct the deficiencies. It was further noted that certain improvements to the seawall in the King's Navy Yard Park will be required, and that these matters should be addressed immediately so that preparations are complete when the ship arrives. Ms. Bondy confirmed that construction has commenced and could be completed within 18 months. In addition, it was indicated that the trees in the King's Navy Yard Park will block the view of the ship and are currently blocking the view of the water. This situation must be corrected to prevent vandalism and permit erection of security cameras.

A lengthy question and answer period followed.

Moved by L. Fox, seconded by G. Theriault that the Town respond to the concerns raised at this meeting within two weeks, if possible.
