Motion Carried

Mayor DiBartolomeo allowed Lory Bratt to comment on By-law #2003-35 which was on the agenda for Council approval.

Ms. Bratt explained that she had contacted ERCA subsequent to receiving Dr. Spellman's letter requesting deferral of the by-law. ERCA maintains the position that they had at the Public meeting for the project. The project would be regulated by conditions of consent and the ERCA permit process. Ms. Bratt further stated that the process had been done correctly and deferring the by-law would only delay the proponent.

Deputy Mayor Robert Pillon suggested that a comprehensive study should be prepared for all wetland areas as development is now expanding closer to these areas. Ms. Bratt advised that a comprehensive study could be done as part of the next Official Plan Review which should be next year.

Moved by M. Bezaire, seconded by R. Pillon that we receive the verbal report from Lory Bratt.

Motion Carried

Moved by L. Fox, Seconded by A. Leardi that we waive rules of order to hear the delegations.

7:00 p.m. - PETITIONS & DEPUTATIONS

Tony Pietrangelo representing the Freedom for Choice Committee thanked council for hosting three information meetings. The meetings gave Council a chance to see who would be affected by a Smoking By-law – the businesses. Businesses have hundreds of years of combined experience and they know how to run a successful business. He requested that Council be fair and vote no to the County proposed by-law.

Priscilla Bouvier of 566 Concession 2 addressed Council on three issues. She explained that that these were three separate issues and that separate time limits should apply to each issue.

1. fencing – she placed a fence on the north side of her property and then received a letter from the Town that the fence violated the by-law. Her neighbour to the south has a similar fence which was approved by the Town.

Amherstburg Municipal Council
Minutes – Monday, May 12, 2003

2. Smoke – her neighbour to the south, Mr. Ferland, has a wood stove in his garage and the smoke is causing health problems for her. Mr. Ferland does not only burn clear wood and does not only burn in winter. She filled out a complaint form on Nov. 15, 2002. She is constantly living in black smog, to the point where the smoke caused her to lose her balance and fall which resulted in a broken neck.
3. Drainage – her neighbor to the north Mr. Greco has been hauling in dirt for the last 5 years. She is asking that the yard be landscaped in such a way that it does not flood her property.

Dan Geisbrech, Union representative for IBEW Local 636 and a resident of Amherstburg addressed Council to make them aware of the many services provided by the employees of Essex Power. The current strike is taking place because the deal that is being offered falls short on health care benefits after they retire. The Town being a shareholder in Essex Power has a vested interest in the matter.

Sam Vucinic, on behalf of the Pandolfo's addressed Council on Bob-lo Island issues. Mr. Vucinic explained how the agreements between Bob-lo and the Township of Malden did not address transportation. Malden did not want to be involved in the cost of transportation. He stated that other owners are in no better position than the Pandolfos according to a section in the transfer agreements. The Pandolfos are getting no help from the Town. The Town was not prepared to get involved in the severance appeals. The Town has refused to adopt a by-law regulating access. There is no agreement as to how the Condominium project will get transportation services. Mr. Vucinic handed out letters to members of Council.

Councillor Leardi requested a copy of the deed restrictions from Mr. Vucinic.

Mr. Albert Renaud addressed Council in regards to the soccer practices and games that take place on the school property adjacent to his back yard. He requested that the Town provide other places to play.

Mayor DiBartolomeo advised that he had spoken to the Principal about limiting practices. He will follow up.

Mary Ann Arpino, Solicitor for John Sheridan and Terry Hall were allowed to speak on By-law 2003-35.

Ms. Arpino gave a brief background of Mr. Sheridan's attempts to develop his property. He followed the policies and procedures of MNR and the zoning process. Administration is recommending approval. She asked the Council to pass By-law 2003-35.

Terry Hall – has just seen a copy of Dr. Spellman's letter. He requested a deferral of the By-law for the following reasons.

- questioned the mapping that had been done
- MNR not sure about mapping Mr. Waldron has done.
- concerned that the area covered by water is growing.
- any land covered by water is Crown land.
- need a comprehensive study.

Moved by F. Gorham, Seconded by A. Leardi that Council resume.
