There was no public input regarding this drain assessment. Bridge owners were compensated by the drain at the time and all costs to bridges are done by the owners.

The Chair invited Jerry Rempel to speak:

Mr. Rempel asked if the bridges were staying in their current location or if the bridges are being replaced. Mr. Rempel also inquired if the bridges are being replaced, is the cost of the replacement the responsibility of the land owner or the assessment.

Shane McVitty replied that, from what he understands, the bridges will just be maintained.
