DISCLOSURE OF PECUNIARY INTEREST:

There were no disclosures of pecuniary interest.

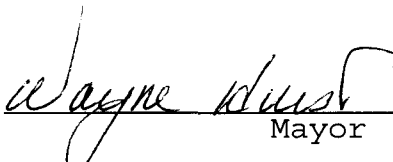

Council met to discuss with the ratepayers on the Beaudoin Drain & Branch the current status of the project. The lowest tender on the project was in excess of 133% of the estimate and the Act stipulates that a meeting must be held to allow the petitioners an opportunity to withdraw their names from the petition. Three ratepayers were present. Mr. Paul Deslippe, Mr. Ed Parlette and Mr. Thomas Beneteau representing Mrs. Ena Beneteau. Mr. Lou Zarlenga explained the background of the project for those in attendance. At this point the Engineer's recommendation was to retender the project to determine if a more acceptable bid can be provided. Discussion took place on the urgency of doing the work. After discussion the following resolution was passed.

Moved by G. Theriault, seconded by L. Fox that the administration contact Mrs. Ena Beneteau and Mr. Harvey Bezaire to determine their current direction on the need for the drainage work as previously requested on the Beaudoin Drain & Branch and that the administration be authorized to retender the project if Mr. Bezaire and Ms. Beneteau desire to proceed with the project.
